## **The “Village” A New Concept in Aging**

- Want to stay in your home as you grow older?
- Want to be independent and self-sufficient as you age?
- Want to stay connected to your community and be an active participant in your golden years?

If you answered yes to any of these questions, you will want to come to an informational meeting to learn more.

It has been ten years since the seniors of Beacon Hill in Boston, Massachusetts came together and formed a “Village” as an answer to these questions. They wanted to build a community of like-minded individuals who wanted to live as active and connected senior citizens of their community. Thru their grassroots efforts, a “Village” was formed that provided social connections, information, events and support services to help them age at home.
