

March 6, 2019

The Howard County Citizens Association (HCCA), is troubled by the fast pace of this proposal. The impacts on the Columbia residents and Village Boards is vast. The Village Boards and the public need more time for input and understanding of financial and legal changes far in advance of Annapolis legislative action.

Unless further explanation beyond work decrease and small savings presented years ago, and last night, is given, our position remains to not make the change, especially during the 2019 Legislative session.

Unanimous position HCCA Board, signed,

President, HCCA

Stu Kohn
