

HCCA

Howard County Citizens Association

Since 1961... The Voice of the People of Howard County

Date: April 11, 2021

Subject: **Tree and Climate Control**

Dear Howard County Delegation,

The Howard County Citizens Association, HCCA requests your full support of both HB 991 - Tree Solutions and SB 414- Climate Solutions. The purpose is for improved tree protection and supporting stronger climate control in the future.

Warren Buffet is quoted as saying, "Someone is sitting in the shade today because someone planted a tree a long time ago." With this in mind the proposed legislation will help obtain the goal of improving our climate.

Thank You in advance for your consideration.

Stu Kohn

HCCA President
