Testimony in SUPPORT

By Paul Verchinski, HCCA Board Member

To: Howard County Council

CB56-2022 essentially requires that an applicant for a zoning text amendment file certain affidavits and disclosures particularly when it would affect 12 or more property parcels

We commend Councilperson Liz Walsh for introducing this legislation since this will provide transparency when amendments are advanced. This is particularly an issue when many other parcels would be affected and would not be known to those owners but for this draft legislation.

Please vote in favor of this legislation.

Paul Verchinski
