ALL,

Needless to say the Howard County Citizens Association (HCCA) is very disappointed with the disapproval of CB11-2025 but not surprised. Council-members Jones, Rigby and Yungmann voted Against. We want to **THANK** Council-members Jung and Walsh for trying to ensure the potential Health and Safety of all residents is a priority.

HCCA as with the overwhelming majority are very concerned with the potential negative impact the disapproval of this Bill might bring to the community.

HCCA will always continue as part of our goals to be a watchdog organization to ensure roads, schools and quality of life issues do not deteriorate because of poor planning. We will work with communities as consultants and advocates regarding zoning issues.

We feel very strong about the concerns as when we testified on [18 February to the Council](#).

Hopefully the decision by Council-members Jones, Rigby and Yungmann will not develop into being hazardous to the Howard County residents.
